Here is map 2 for review. It takes time to move labels around. Let me know how much time you want me to put in to that. Or, if this works.

Updating map 1 now.

I understand this is not a formal 213 and I apologize but I'm limited on time.

Both ANSI D size

Both ANSI D size

There was a "USE EPA Region 6 Overview Map Alpha, Bravo, Charlie" updated 12:06 9/3.

I'd like that exact map with two changes.

- Currently there are cities/towns on them but OPS wants to see more detail. He indicated that he needs to see more towns/cities and to make sure they are above the branch shading. As he said "dots for major cities"
- They want to see labeled major roadways.

2nd Map

Alpha branch only

Major roads labeled

delineated wild life refuge- labeled

epa 6k grids labeled

jurisdictional boundary

counties labeled

major cities/towns in major declared areas labeled water bodies

labeled and rivers/streams labeled
